EUROPEAN UNION (BIOCIDAL PRODUCTS) REGULATIONS
BIOCIDAL PRODUCT NOTIFICATION

The Department of Agriculture, Food and the Marine as the Competent Authority for Biocides in Ireland, pursuant to Regulations 9 and 10 of the European Union (Biocidal Products) Regulations 2013 (S.I. 427 of 2013), hereby declare that the Notification Holder:

RESYSTEN HUNGARY KFT

FUZES UTCA 70, 2051 BIATORBAGY, HUNGARY, 2051

has notified the biocidal product:

Resysten Protective Coating

to the Competent Authority for Biocides in order to make available on the market in Ireland.

It is the responsibility of the Notification Holder to ensure that: the product label(s) and safety data sheets are in compliance with the relevant Regulations; changes to the product are notified to the Competent Authority for Biocides in Ireland prior to the change to the product. Where the product is classified under the CLP Regulation as hazardous on the basis of its health or physical effects, information on the product must be supplied to the National Poisons Information Centre of Ireland (NPIC) before product is made available on the market or where changes to the product name, composition or CLP classification occur.

Product Summary

Product Name: Resysten Protective Coating

Formulation Type: Other liquids to be applied undiluted

Category of Use(s): Professional Restricted

PCS No: PCS 101402

MG/PT: MG01/PT2

UFI Code: UFI-8UPA-
HEC4-2M2D-
412X

Active Substance(s)	CAS No.	(% w/w)
Free radicals generated in situ from ambient air or water	0000-00-0	2.200

On behalf of the Competent Authority for Biocides in Ireland:
